Memory Verse

### REMEMBERING SERVANTS

***Galatians 5:13-14*** <sup>13</sup> *For you, brethren, have been called to liberty; only do not use liberty as an opportunity for the flesh, but through love serve one another.* <sup>14</sup> *For all the law is fulfilled in one word, even in this: "You shall love your neighbor as yourself."*

Recently I asked Becky to make some spaghetti w/meatballs. I have always had a fondness for this dish. As we are eating, I was reminded of a nice memory we both have of an older sister who provided a very needed service to us, and we began to discuss this memory.

It was many years ago when we lived in Des Moines, IA in the 1980s. We were both very young with very small children. I remember an older sister could see our lives were somewhat hectic as young parents normally are with our hands full with young children and everything that goes with it. And of course, I was a young evangelist who had just started the work. Yes, indeed, our lives were busy!

One day she called completely unexpected and offered to watch our little ones to allow us an evening out. I recall answering heartedly, "Would you really?" What a blessing!

We went to a restaurant called "The Spaghetti Factory" located in downtown Des Moines at the time. What a great dinner! What a great time to have some peace and quiet from our hectic schedule and work for an evening. Great food! Great company! I do not think we will ever forget that evening.

When we went back to this sister's house after our meal, we thanked her very much for her offer and act of kindness and service to us. She suggested we allow her to watch our little ones at other times in the future, which we appreciated very much. Over the next few years, we did take advantage of her kindness a number of times. It is interesting that we do not remember the specifics of the other times, but we both easily remember the first time!

What a great memory of a servant and her service! This sister is gone now. I am confident she is asleep in the Lord awaiting the coming time of Redemption which the Lord's people look to. This sister is exactly like those servants Jesus will say in that Day, "Enter into the joy of your Lord!"

How about you? Do you have a great memory of a brother or sister who provided a service for you? Perhaps it was at a difficult time when you were in dire need of help? If we all think hard enough, I am confident we have such fond memories of those who served us. What great memories! What great expressions of love toward one another! And more important, the Lord knows of these memories as well. May we all strive to be such servants of others, whether they be of our brethren or those in the world. But ultimately, this is how we serve our Lord!
